

a **VOICE** for working America **555**

Will You Support Your Community?

We are here today to share with the community that we are frustrated with Fred Meyer at the bargaining table. We want to work happily with Fred Meyer to make Fred Meyer / Kroger Corp. successful and to continue to promote our communities' prosperity.

However, we don't have a fair contract today. We are fighting for Affordable Healthcare, Living Wages, and a Secure Retirement.

Our counterparts in the Portland Area grocery, meat, and checkouts at Fred Meyer recently got a fair contract that allows for these same things, but because we live in the Albany/Corvallis/Salem Area Fred Meyer believes we deserve less.

We are asking for your support today... Will you help us let Fred Meyer know that a fair contract is good for our community?

Please support your community and sign our petition!

"Fred Meyer states their commitment to the community, but their commitment to their employees lacks fulfillment in my weekly paycheck and benefits. As a bargaining team member I am proud of my fellow team members for taking a stand for what is right..."

~Dawn Gabor • Pharmacy - North Salem

"When I called around I found out we are paid \$1-\$1.70/hr less than other Fred Meyer stores are paid. Why are we at the bottom of the barrel? Why aren't we making what other stores are? We [should be] treated like other Fred Meyer employees that do the same work as us!"

~Debbie Hogan • Apparel - Corvallis

"I'm on this bargaining team and I'm infuriated with management's recent flyer on the situation in Salem. Management has insinuated that we weren't telling the truth about what is going on in bargaining table. We have shown up at bargaining for 9 months. Fred Meyer needs to settle a fair contract."

~Jackie Pounder • Pharmacy - South Salem
